Why We Designed It This Way

RISK	HOW THE MVP ANSWERS IT
R1	**Users pay $29 over free options** $29 a year covers verified rooms. Cheaper than competitor screening, and than a rental scam.
R2	**Enough listings match the dates** Free to post, one city pair. Every student leaving Seattle for SF adds a room.
R3	**We can reach users cheaply** Students only, via 6 campuses. One sign-up brings both a host and a renter.
